

Commendatory Letter

Dear ZETEC Top Management:

Hereby, we would like to express my heartiest compliment to Zetec's expertise and excellent integrated ISI solution for the success of Haiyang NPP ISI.

The ISI has already been finished way ahead of the schedule we planned, and would like to point out that we have observed Zetec have worked with professional attitude on site and reviewed the new AQ record with commendable achievement. We are impressed by their hard work and dedication from Zetec's expert in trying to meet a busy daily work schedule and can always solve the problem on the site timely, With high performance of Zetec ZR-100 solution and professional filed support, and it has paid off with probably highest AQ speed in China's ISI history and we not just successfully completed Unit 1's steam-generator ISI, but also for the Unit 2 ISI, and we finished another 4000 more tubings with less time in Unit 2's steam-generator ISI.

Again, we are grateful for the support from Zetec, we would sincerely welcome the opportunity to cooperate together again in the future.
